After decoration of graves, exercises were held in Grange hall, beginning at 2.30 o'clock. Rev. Raynor Thompson of West Center Harbor gave the Gettysburg address. Rev. Ora W. Craig of Manchester was orator of the day, and after a touching tribute to the veterans of '61 who were present, pictured some of the problems and evils from the world war and made a stirring appeal to the voters, especially women, to work for the uplift and betterment of women and children who are compelled to work under such conditions of squalor and privation as unfit them for the higher duties of wife and mother. Mrs. Helen Sturtevant Matthews of Lexington, Mass., read several selections, adding much to the enjoyment of the program. Messinger's orchestra furnished music.

TOWN OF CENTER HARBOR

Report of the Superintendent of Schools

To the School Board and Citizens of Center Harbor

I take pleasure in presenting for the year, my annual report of the schools of Center Harbor. Since the last report, changes have been made toward improving the educational conditions of the district. This has been, as usual, a year of general progress. Standard tests show that a larger per cent of the pupils are doing work equivalent to the average throughout the State, than a year ago.

Teachers

There is still a shortage of teachers in this State and the Country as a whole. Although there are practically no schools closed for lack of teachers; one can readily see from the table in this report, the statistics concerning the professional training of New Hampshire teachers. We are fortunate in Center Harbor to have two experienced teachers who are well qualified for their positions. The graduates that go out of these two elementary schools into the secondary schools are usually found in the upper third of their classes. Teachers with such qualifications are worth in every sense to the district far more than we are able to pay them in dollars and cents.

TOWN OF CENTER HARBOR

Health

One of the most important parts of our curriculum is the subject of health. I am pleased to inform you that we have made considerable progress concerning this phase of the school work. Our district is fortunate in having a doctor, a group of women and enthusiastic parents, who are anxious to carry out the recommendations offered from the medical examinations. I wish to thank especially, Dr. Morrill, Mrs. Lillian Hanson, and the Red Cross Organizations, for their financial and active support in carrying out our health program. We have continued the school lunches in the schools and this now has become so well established that it unani- mously meets with the approval of all the parents. The following report gives the results of the medical inspec- tor's examination.

	1921	1920
No. pupils examined	51	45
No. pupils with defective teeth	9	21
No. pupils with enlarged tonsils	10	5
No. pupils with defective vision	8	16
No. pupils with defective hearing	0	1
No. pupils unvaccinated	9	3
No. notices sent home to parents	26	

School Attendance

All children between their eighth and sixteenth birth- days must be in regular attendance at some school ap- proved by the State Board of Education, unless they have completed the work of the eighth grade between

TOWN OF CENTER HARBOR

their fourteenth and sixteenth birthdays, or unless they are mentally or physically deficient and thereby are excused by the Commissioner of Education.

Any district may, through by-laws, make the years six to eighteen required school years. Through the truant officer, a child of seven or one of eighteen may be required to attend school, but the school board should promptly dismiss from school all pupils whose attendance is irregular. In New Hampshire regular attendance means that the pupil must be in school attendance every day that the school is in session. In the administration of the law, care and common sense should be applied, for example reasonable excuses for illness should be permissible.

Repairs

The subject of repairs seems always to be with us. It is so with one's real estate, and so with the property of the schoolhouse. The West Center Harbor building has been painted and a few minor finishing touches made upon the interior of the building. A jacketed stove was purchased for the primary room at the village. Now the three rooms have the required amount of light, modern heating and toilet facilities. The coming year the village schoolhouse should be painted.

Part of Governor Brown's address at the State Grange Dec. 13, 1921:

Governor Brown said, "For every dollar of the public school money we are now getting approximately at least a dollar's worth of result. It looks to me as though

TOWN OF CENTER HARBOR

the problem of elementary education in this state was being rapidly solved. The provision of the present law under which the wealthier sections contribute for those that are less wealthy, is to the direct advantage of the people of the remote towns, many, if not most of whom, are farmers." Citizens, I can assure you that you have a school board that is also endeavoring to get the full value received for every dollar spent.

Graduation

Last year we held, as the year before, our graduation exercises at the village. The three schools took part on the program. Each school deserves commendation for the part it played in making these exercises a success. The graduates were Mildred Messinger, Charles Hall, Evelyn Marston, William McQuiggan, Donald York, and Beatrice York. Five of these graduates are attending Meredith High School.

Transportation

The School Board voted early in the summer to transport the pupils from the Town House District to the village. Ezra Perkins was engaged as conveyor at four dollars per day, or two hundred and eighty dollars less than we paid our teacher last year in that school. In addition, the expense of fuel, equipment and the installation of a jacketed stove and chemical closets would have cost the district \$900 more. Furthermore the Board believed that the pupils would receive many educational advantages by being in larger classes. Commissioner Butterfield has stated that "except in remote

TOWN OF CENTER HARBOR

sections there ought to be at least fifteen pupils in a rural school, for competition is necessary and there is the economic side that must be considered."

A Backward and Forward Look

We have heard it often said that schools are never as good as they were when we were in school. Let us examine a few statements that were actually made and are on file at the office of the State Board of Education.

Our grandfathers said in 1849:

Plainfield—"It is a most lamentable fact that our schools have become so common that they are uncommonly poor."

Marlboro—"The spirit of the schools is worse than for years."

Deering—"Many schools instead of elevating are debasing social and moral character."

Sanbornton—"Arithmetic, Grammar, Geography, vocal sounds, stops and starts, and cadance are being neglected."

Our fathers said in 1878:

Milford—"There is too great a tendency to eliminate the benefit of work from education. Children are being brought up to doddle with study and to have a contempt for hard work."

Epping—"Our schools are badly managed. A greater part of the money raised and appropriated for school purposes is thrown away."

TOWN OF CENTER HARBOR

Belmont—"No subject is so poorly taught as reading."

Tamworth—"A very small portion of the time has been given to the elements. These branches should receive more attention."

What we are saying:

Hanover—"Pupils do not know Arithmetic."

Concord—"Concord is the place where all the current facts for the needless spending of the people's money originate."

Portsmouth—"Pupils from the Junior High cannot read, spell or figure easy problems, and as for Grammar, they do not know the parts of speech."

What our Children will say in 1949 [Com. Butterfield]

Derry—"We were taught reading, spelling, music, and drawing. Now the fundamentals are neglected and school time wasted over new fangled subjects."

Ossipee—"In our day, children were taught in school obedience and good manners. It is lamentable that, this is no longer the case. Insubordination, profanity, and junior depravity are on the increase."

Seabrook—"Each year our teachers and our school programs are less satisfactory. Why cannot we restore the schools of 1921."

Do you see the point I have wished to bring to your attention?

TOWN OF CENTER HARBOR

In concluding, it must be the aim of your school officials to provide the kind of education that makes better and more useful citizens. Efficient schools will add to the land values and productive possibilities of the town, and encourage desirable and progressive citizens to settle within its borders. Returns on the investments measured in money will be larger than from the same amount invested in any other way. And if measured in terms of permanent influence on the lives of the children and the higher welfare of the community, it will be greater still. Let us continue to liberally support our schools.

WILLIAM H. BUKER
District Superintendent of Schools.

BUDGET

The School Board recommends the following budget for the year ending July 1, 1923:

Support of schools \$5.00 per \$1000 on 1922 inventory

High School Tuition,	\$650	°
Per Capita Tax,	162	
District Officers' Salaries,	200	

This amount is \$288 less than last year, providing the inventory remains the same.

Respectfully submitted,
 ALBERT E. HUTCHINS,
 Treasurer

TOWN OF CENTER HARBOR

We hope to have the lot properly fenced during the coming summer and thus comply with terms of our deed.

The Board is joined by the teacher (Mrs. Smith) in a cordial invitation to you to visit the school and inspect the building.

The Board desires to express its high appreciation of the esprit de corps of superintendent, teachers and parents in attaining such a remarkable improvement over the records of previous years, in attendance, punctuality and general efficiency as shown in superintendent's report.

We have the honor to be

Faithfully yours,

C. P. JAMESON,
LILLIAN HANSON,
G. A. SIMPSON;

School Board

TOWN OF CENTER HARBOR

Report of School Board

To the Taxpayers and Citizens of Center Harbor :

Your School Board has held nine meetings during the school year, and all matters pertaining to school management and administration have been fully discussed before adoption and complete records of all transactions have been kept for future reference by our efficient secretary, Mrs. Hanson.

Superintendent Buker has attended all meetings and has kept the Board fully informed as to the operation of the schools, and has given us the benefit of his wider experience in other fields.

All Outlays of Money

have been carefully considered with the view to economy and efficiency, and all bills have been approved by the full Board before being passed for payment.

The Teachers' Problem

which our State faced two years ago was still acute at the close of last school year, and two of our efficient teachers were lured to other States at much higher salaries than we could afford to pay.

Town House School

As you have been previously advised, this school building is far below the present requirements as to

TOWN OF CENTER HARBOR

light, heat and sanitation, and rather than incur the expense of remodelling, it was deemed a matter of economy to close the building and transport the pupils to the village school, thereby saving the town several hundred dollars.

Old School Buildings

Your Board regrets the item in last year's school warrant relating to disposing of the Cram and Hawkins school houses was so summarily dismissed without debate at last year's school meeting, and think the best interests of the town will be served by disposing of them before they fall into further decay, as we see no probability of their ever being needed again for school purposes.

New School House

During summer vacation the final coat of paint was applied, the old stone wall in front of lot removed, and the lot graded, thereby enhancing the appearance and vastly improving the play ground.

Your Board appreciates very highly the excellent appointments of the up-to-date rural school house of which the town has reason to feel proud, as it has been pronounced by those competent to judge, one of the best in the State.

The wisdom in selection of the site has been fully demonstrated, having proved most convenient for the children of this district, and has also attracted the patronage of our West Holderness neighbors, from whom we receive sufficient tuition money to carry the entire investment at banking rate of interest.
